# Northwood Wiping

---

Our wiping range is split into two key areas. Our non woven range is categorised as ProWipers and our paper range is categorised as Perform.

**PROWIPERS**  
BY NORTHWOOD

Our non-woven ProWipers are defined by key areas:

**Core Range;** low linting, universal wipes applicable for use in variety of market sectors.

**Specialist Range;** a range of wipes fulfilling a specific purpose or application. The range includes the Absorba brand, a fully maceratable Airlaid perfect for the medical and leisure industries and PolishWipe, a polishing cloth perfect for the automotive and finishing industries.

The **Perform Works** paper wipes are the perfect balance between performance and value, making light work of spills and wiping tasks.

Whilst the **Perform Bosswipe** range offers embossed paper wipes with a heavier paper grade for more demanding tasks.

# Buying Guide

---

Our products are available in a variety of formats including perforated, centrefeed, folded, individually wrapped and boxed wipes. They cover a variety of market sectors such as: automotive, high tech, janitorial, printing, food and catering, industrial and medical.

We know it can be difficult deciding which products are most suitable for your requirements so we have put together a key to help you find what you need.

We have also put a useful guide at the back of the brochure detailing which dispensers work best with which wipes.

Use the symbols to direct you to the products most relevant for the needs of your business.

**KEY MARKET SECTORS**

**WHY THESE SECTORS**

Suitable for almost every wiping task; exceptional mechanical strength makes it perfect for manufacturing and machinery. Plus no binders or glue and being low lint makes this great for aviation, automotive and precision wiping.

CORE RANGE

# ResourceRag

Specifically developed to be a viable alternative to white wiping rags, the ResourceRag is clean and made to a monster size giving the user a 'real handful' for any wiping application.

ResourceRag is chemical-free, strong wet or dry and absorbs up to six times its own weight. It has the edge in performance and cost when compared to traditional wiping rags.

**PROWIPERS**  
BY NORTHWOOD

## Key Features

- A substantial cloth in hand
- Consistent in size and quality
- Agitates chemicals
- Multiuse
- Free from binders, chemicals and adhesives
- Absorbs up to six times its own weight
- Good bulk and low linting
- Cost-in-use savings

|  | Product Code | Colour | Sheet Size (W x L) | Case Configuration                            | Pack Format |

|  | RAG360W1BXN  | White  | 360 x 320mm        | 130m / 360 Sheets per Box<br>& 1 Box per Case | Boxed Roll  |

KEY MARKET SECTOR

ALSO SUITABLE FOR

## WHY THESE SECTORS

The hydro-entangling manufacturing process gives this wiper exceptional strength, making it excellent for working with machinery. The textured sheet is engineered not to snag, making this wiper perfect for picking up particles in hard to reach areas. These same features are why the automotive and printing industry also like this wiper.

SPECIALIST RANGE

# PolishWipe

**PRO WIPERS**  
BY NORTHWOOD

The ProWipers PolishWipe is super soft and absorbent in use. Its low lint characteristic means that the PolishWipe is an excellent polishing wipe.

It can hold up to eight times its own weight in water and is consistent in size and quality.

## Key Features

- Extremely low lint
- A perfect polishing wipe
- Super soft
- Holds up to eight times its own weight in water
- Boxed to ensure rolls are kept hygienically clean

|   | Product Code | Colour | Sheet Size (W x L) | Case Configuration                            | Pack Format |
|---|--------------|--------|--------------------|---|-------------|
|  | POL370W1BX   | White  | 240 x 360mm        | 133m / 370 Sheets per Box<br>& 1 Box per case | Boxed roll  |

## KEY MARKET SECTORS

## ALSO SUITABLE FOR

## WHY THESE SECTORS

Its low lint and ultra soft features make this brilliant at polishing metal and glass as well as picking up tiny particles, often the demands of a wiper in these sectors.

SPECIALIST RANGE

# Absorba

Absorba incorporates advance Air-laid technology giving it the same consistency & strength as a cloth, the versatility & hygiene as paper & practicality & absorbency as a sponge making it extremely effective in dealing with liquids. Although soft to touch, this heavyweight wiper is seriously strong when wet.

**PROWIPERS**  
BY NORTHWOOD

## Key Features

- Fully maceratable
- Made from advance Air-laid technology
- Supreme absorbency and effective with oil and grease
- Non static and reusable
- Works well with chemicals
- Super soft and versatile
- Strong wet or dry
- Approved for contact with food products

|  | Product Code | Colour | Sheet Size (W x L) | Case Configuration                               | Pack Format |
|--|--------------|--------|--------------------|--|-------------|
|   | ABS210W6     | White  | 200 x 250mm        | 52m / 210 Sheets per Roll<br>& 6 Rolls per case  | Roll        |
|  | ABS520W2     | White  | 240 x 250mm        | 130m / 520 Sheets per Roll<br>& 2 Rolls per case | Roll        |

|   | Product Code | Colour | Sheet Size (W x L) | Case Configuration                               | Pack Format |
|---|--------------|--------|--------------------|--|-------------|
|  | ABS1080W1    | White  | 2240 x 250mm       | 270m / 1080 Sheets per Roll<br>& 1 Roll per Case | Roll        |

**KEY MARKET SECTORS**

**ALSO SUITABLE FOR**

**WHY THESE SECTORS**

Absorba's assets of strength, versatility, absorbency and hygiene make it perfect for the janitorial sector and every day use. The Air-laid wiper is also dermatologically tested & contains no glue or binders giving it exceptional hygienic properties, making it suitable for hospitals & other health care environments.
